NUMBER TWENTY-FIVE

Citizens of Grenada are urged to go to the polls at the city hall on Saturday, January 13, and vote on the proposed charter amendments. It is necessary that at least 51 percent of the voters participate in the election and that at least 51 percent of those voting for the amendments, before the amendments become effective.

Vote your own convictions. Whatever the people want, we can stand. But, be sure you vote Saturday.

If you want the aldermen to appoint the marshal and city clerk, vote for the amendments; if you want the people to elect these officers, as in the past, vote against the amendments.

There are good arguments on both sides. If you do not know anything of the problems, ask someone who does.

Believe it or not, Frank Jones subscribed for the GCW Wednesday, and paid cash money.

Bet Horn will probably be sued by Earl Burkley for destroying a handsome antique ash tray which Bet unceremoniously threw into the furnace.

The legislature will be derelict in its duty to the people if it does not pass all the laws that Judge Johnson proposed last summer.

It looks like licker is a little scarce around Grenada now. No slot machines.

Congratulations to Brother Cato who lives in the swamp at Webb upon the attainment of another birthday, fittingly observed by a big dinner and by the presence of his children and many friends.

Wonder who is going to run for the aldermen jobs?

Us Presbyterians had a big todo at the church Thursday.

See where Pat and Bilbo kissed and made up as they rode the elevator to the top. Wish they would take ME into that reconciliation and go ahead and let ME, who earned the post office have it.

Did not know until today that Geo. Wofford was Conger's nephew. Well, folks improve with the generations.

Much obliged to Mary Cain and Jack Dale for helping the GCW defend that lovely lady, Mrs. Conner, from the dig that the Laurel lady editor gave Mrs. Mike. We always felt that we were privileged to beat our own jackass, as Bilbo used to say, and give Mike an occasional rubbing down; but we do not want anyone else beating on Mike, and just WILL NOT stand for ANYONE handing Mrs. Mike any sass.

Well, old Hugh made a pretty good governor at that.

Of all the hopeless possibilities against Bilbo, Hugh was most hope.

The Grenada County Weekly follows, I guess.

The old lady came pretty high getting in bad with Miss Lida Owens, a steward in the Methodist church, for saying that Miss Lida had been to a bridge game.

Wonder how our fine friend, Mrs. Lida Graham, is getting on? Do not be suspicious, now, for she is quite an elderly lady, and the finest you ever saw.

Little John Ed Carpenter is learning to be an accountant in Kentucky, and is also on our probation list.

Several who went to the Rose Bowl game finally came to.

Everybody said that Squire Pickle was the best looking J. P. in the bunch, which is not saying much.

Well, if Hugh wants to keep up with the real low down after he leaves off, he will have to subscribe. But I never get a check from him I will cash it, so that will virtually be a subscription.

After making a personal investigation, I find that Ed Whitehead is now living a good life.

Looks like there will be no more candidates for mayor.

Sam Gum will be able to keep up what is going on now, as he really cast his lot with us. He has been living a lot.

Well, we got one dividend from our last week, a new subscription from Uncle Peter Carew, whom we welcomed to the mailing list.

New, Improved Motor Fuel Is Announced by Standard Oil

Standard Oil stations and dealers are today offering their customers the new, improved Crown Gasoline—a popular priced gasoline that meets specifications for premium anti-knock performance.

Road tests have proved that this new gasoline gives motorists quicker starting, faster pick-up, smoother operation, more mileage, and a new high in knockless power. It also contains a unique solvent action, which helps to reduce the tendency of carbon formation.

Today's purchasers of popular price gasoline demand the performance heretofore obtainable only in premium price, and the new development of this new, improved gasoline was to meet this demand.

SEED LOANS READY

Seed loans are now available, according to Mrs. Rice Lawrence, whose office is at the court house.

Mighty sorry to hear of the death of Mr. R. L. Rouse at Graysport. We made earnest efforts to ascertain the pertinent facts about this fine old gentleman, but failed.

Well, it looks like the Whittington boom has collapsed. It might as well.

DOTY STATES THAT HE IS NOT A CANDIDATE FOR MAYOR

Many inquiries are made of me if I shall be a candidate for Mayor, and many offers of support tendered to me. I am deeply appreciative of these kind expressions. I should be glad to serve the city one more term as Mayor, but in the present line-up I feel so much obligation for past favors and friendships that I shall not enter into a contest where I value these friendships more than I do the office.

ARKANSAS SOLON VISITS HERE

Hon. Julian James, son of Mrs. F. T. Cooley of Grenada, stopped in Grenada Monday to visit homefolks. He is a member of the Arkansas legislature from Craighead County, and, as he naively put it, "was mostly elected by the ladies," as he is a handsome, as well as a learned young fellow.

He was enroute to Jackson where he will meet with the Highway committee of the House and give them the benefit of his knowledge with similar problems in his own adopted state, Arkansas.

Beautiful Model Kidnapped and Carried Up Depot St. Nude In Broad Open Daylight

Even the blasé citizens of Grenada were shocked Sunday afternoon to see the usually staid, prosaic and decorous Pete Embry hurrying up Depot street with the naked body of a sharply woman in his arms.

Cars stopped. A long line of curious people gathered. Words of advice such as, "That's no way to kidnap a woman," "You do not have to hold her THAT tight, Pete" and "Where are your manners?" speeded the fleeing culprit onward.

One old bachelor, inspired more by jealousy than by a sense of legal and moral responsibility, suggested that the "law" be called. Another suggested the fire department. But, on, on sped the kidnapper.

One fellow who was in the army with the villain recalled certain similar incidents in the kidnapper's life in la

The Cascilla teams won both games. The girls score was tied at the half 18-18, but the second half Cascilla out played Grenada; winning 35-28. The Grenada boys were weakened by the absence of Cecil Hendricks who is attending the National Guard Camp. At the half the Cascilla boys had a five point lead, 8-3, they increased this lead only two points the second half, winning 18-11.

Thursday Jan. 11 Grenada will play Duck Hill at Duck Hill. Friday Jan. 12th the return game will be played in the high school gym. Grenada's invitational tournament will be held in the gym Jan. 18, 19, 20th.

President's Birthday To Be Observed Here

Mrs. Ruby Hudson, recently appointed by the National Infantile Paralysis Foundation to serve as County Chairman in Grenada County, in the fight against infantile paralysis, called a meeting of representatives from several of the organized bodies in Grenada to discuss plans for the celebration of the president's birthday, and to decide upon some method of raising funds to carry on the work of aiding and treating those in this county who have been victims of infantile paralysis. Those present and representing clubs were as follows: Mrs. E. H. M. Whitaker, Garden Club; Mrs. J. M. Talbert, Civic League; Mrs. Belle Samuels, Riverdale Club; Mr. Fred White, American Legion; Mrs. Jack Sanderson, Am. Leg. Aux.; Mrs. E. E. Penn, MacDowell Musicians; Roger Burt, the Lions Club; Mrs. H. L. Honeycutt, P. T. A.; Dr. R. A. Chanton, County Health Department; Dr. Lynn Abernethy, the Jaycees and Mrs. John T. Keeton, the Twentieth Century Club.

It was decided at this meeting that the March of Dimes be used as the first plan for raising funds for this work. Additional methods were suggested and complete details for the campaign will be issued later. It is earnestly hoped that the people in this county will enter into this campaign to aid those who have been the victims of this disease. With an organized unit here working to lend and to these victims, our county should make rapid headway in this work. Without an organized unit, the county already had seventeen patients treated and aided with this fund. And now that a chairman has been appointed and the county is organized for this work, it is hoped that more will be accomplished in the future. This is your opportunity to render a service and you are urged to give full support to the program.

MRS. JOHN T. KEETON, Publicity Chairman.

Is Good Shape, Is Grenada County

Last week Grenada County sold \$7,000 general county obligations at an interest rate of 2 1/4 percent.

That's almost one percent lower than the last city bonds were sold—3.07—and we aldermen and city officials were mighty proud of that extremely low rate.

That's the way the world wags. Many people were being sad and mournful and thinking "poor old Grenada County has gone to the bow wows", but Grenada County was plugging on paying off its debts.

So far as we know and so far as we have been able to find out, this issue of 2 1/4 percent bonds was sold lower than any county bonds were ever sold.

Do not sell Grenada County short, is darn good advice, for old Grenada County is going to keep to the front, like it always has.

Too Little, Dave

See where Dave Glass has introduced a bill in the State Senate which will give a MAXIMUM of twenty dollars to the indigent persons over 65, and a MAXIMUM of thirty dollars to an indigent couple.

That's ten dollars too little for an individual and thirty dollars too little for a couple, Dave. That's not what was promised the old folks, and you know it. "Thirty dollars a month; a dollar a day". Those words still echo in Mississippi. Those words, like the tunes from the Pied Piper's flute, were magical in gaining followers to the cause.

Judge Johnson was elected by the greatest majority ever given a candidate for governor. His program was made clear to the people of Mississippi. They responded by electing him by a clean majority of about 30,000. Thirty thousand more people wanted the clear-cut "a dollar a day", an amount that even the simplest mind could comprehend, than did those who wanted what Conner promised "anything you are able and willing to pay for". The people did not know what they were able and willing to pay for, but they did know what a dollar a day amounted to.

There is even some talk and whispering that the old folks will not even get the puny amount that Dave Glass is working for. As far as we are concerned, we are for Judge Johnson's program; we are for the people who, in no uncertain terms, said "a dollar a day".

Watch Your "Fillers," Fred

In the Jackson Daily News, dated January 6, 1940, there appeared the following item in Fred's column:

"This writer does not expect Santa Claus to do much for him personally, but it is gratifying to see those immense shopping crowds on Capitol Street and to realize that the people are thinking about Christmas instead of cannon."

This shows the danger of failing to edit your "fillers" properly. Probably no one but other editors and publishers will see any sense in this editorial, and maybe not even the editors and publishers.

We Wait A Week

Billy Snider ate the seat of Hugh's britches out last week when he denounced his administration for neglect in the matter of timber conservation.

We are waiting until next week to comment. If none of Hugh's editor friends will come to his rescue and eat Billy's britches seat out, we will. Billy has a newspaper. Hugh has none. So, if others fail to defend Hugh, we will.

Do Not Wreck This Administration

There is a good deal of newspaper talk about a harmonious administration. Let us hope that there will be, and not be a repetition of the Bilbo administration when the legislature deliberately wrecked Bilbo's administration by defeating everything that Bilbo stood for. Bilbo was elected by a substantial majority upon a clearly defined, and widely spread program—a program that was thoroughly understood and which was adequately approved by the voters. Judge Johnson's program too, was thoroughly understood by, clearly stated to, and heartily approved by the people.

As far as we are concerned, the people are the sovereigns, just as the politicians say they are. We want the people to rule, and their ideas to prevail, and therefore, we hope the legislature will enact everything that Judge Johnson advocated and which the people approved so spontaneously.

We saw signs of incipient rebellion recently when we were talking to a member of the senate. He said substantially that HE was going to keep all HIS promises, and though he did not say so in so many words, he hinted that HE was not responsible for Judge Johnson's promises. This senator dragged up the old cat "where is the money coming from", evidently forgetting that the Judge told everybody that he would find the money. This senator reminded us somewhat of the skeptical Conner of yesteryear who too wanted to know where the money was coming from, evidently being mistrustful of the Judge's promise to find the money. That was Mike's biggest trouble, too damn practical, talking about where the money was coming from. He should have been, like the Judge stated that he himself was, more interested in people than in money.

You legislators should remember what happened to those fellows in the Bible who feared to attempt walking on the water. They sank. Those who believed that they could walk on water, walked. Do not be too practical, like Mike was, and inquire too closely where the money is coming from. Have faith in the Judge, who, in due time, will tell you. Oh ye of little faith!

More Than Repaid

We are deeply appreciative of the many kind words that have come to us concerning our issue last week, and these kind words more than repay us for the unusually great expense of pictures and cuts used in that issue.

We felt then, as we feel now, that the quadrennial changes in county officers is the BIG NEWS of the four-year period, and that this news deserved a "break".

Pictures—such as they were—of all new officers in one issue of a Mississippi weekly, is a thing that has never happened before in Grenada, or in the entire state. We broke a record. We are thankful for the kind words, and are determined to make, as we stated, the Grenada County Weekly a better paper as time goes on, and so much better that we will finally get into striking distance of our long-cherished goal, "The Grenada County Weekly in sixty percent of the homes of Grenada County." We never even aspire to 80 percent, for about thirty percent of our people cannot read, unfortunately.

Thank you, friends, for the many kind words. The entire staff appreciates them.

He's Dead

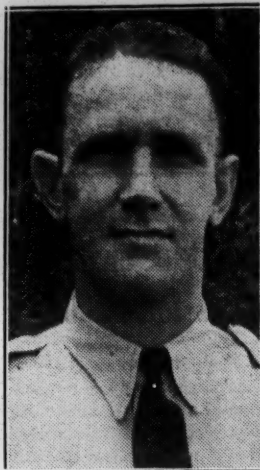

Our faithful Collie passed on Saturday night at the ripe old age of ten years. He was our constant companion in and out of season. During these years never faltered in his friendship. Every inhabitant of the town knew him. As a guardian of the home he was faithful, watching over the premises while we slept.

He was buried Sunday morning. Only two attendants, the writer and the colored man who dug the grave. No song, no flowers, as we silently covered the body which rests in the lot near the house.

Truly it is said that a dog is man's best friend—we believe it. —The Panollan.

Cascilla News

The Demonstration Club met in the home of Mrs. Frank Harris Friday afternoon January 5. A fine program was given, after which games were played and delightful refreshments were served the guests.

Our pastor, Rev. J. B. Ray, and family spent several days in Nashville with friends and relatives. Upon returning, they report an interesting trip.

The Cascilla basket ball teams played Jeff Davis teams in Watert Valley on January 5 and won both games.

The W. M. S. ladies of Cascilla were entertained in the home of Professor and Mrs. L. B. Stallings on Monday afternoon January 8. Mrs. Stallings will entertain her Sunday School class at an early date.

CUSHING-HUTTON CONCERTIERS

Mr. Cushing and Miss Hutton sang to a packed audience of school children Tuesday morning in the high school auditorium entertaining with folk melodies, waltz medleys, and popular selections from light opera.

As the curtain rose, Miss Cushing and Mr. Hutton appeared on the stage attired in formal wear and sang a vocal duet, "Lift Up Thine Eyes," with Mr. Cushing at the piano. "Song of Love," a vocal duet, followed. Next on the program the concertiers presented a vocal duet "Monastery Gardens" to the accompaniment of the swelling, majestic notes of an organ recording. Next, Mr. Cushing came out in the role of a negro preacher, telling the story of David and Goliath. Everyone enjoyed the duets "Indian Love Call," from Rose Marie. The waltz medleys from "Chocolate Soldier" sung by Miss Hutton in her lovely lyrical voice delighted the audience very much. It was a splendid entertainment and we enjoyed it greatly.

INTERVIEWS WITH SENIORS

Seated (if you can call that gangling arrangement of lengthy limbs, being seated) on the first row in the study hall, is an amiable personage with a head as speckled as a sparrow egg. From the looks of his listless approach to what you might call walking, a stranger would undoubtedly presume him to be utterly devoid of energy. Yet, he is quite industrious. Never has he been a member of the renowned I.D.K. Club. He is known to revel in out-of-door activities, yet somehow he manages to get in a considerable portion of his time reading good books and magazines. Always a favorite, ever a friend to all, this lanky specimen of 1940 Seniorhood will be cherished in the hearts of the constituents of his class long after it ceases to exist as a body.

As a certain young gentleman arose, squinted over his recently acquired ample abdomen, and said "My love is like a red, red rose" so gently, so fondly, so passionately, every member of the class knew he was in love. It seemed as if he must have been practicing that little poem "Down the Plant Way". Being of the more sentimental type, always agreeable, always friendly, it was not such a surprise that his passions could be aroused.

This famed employee of the Dyre-Kent Drug Co. is very studious. He makes excellent grades in all studies, is a favorite with all the faculty, as well as with the students. He is a prominent member of the Grenada Band, a member of the National Honor Society, and a member of the All-State Band. He has an excellent voice, which was denoted by his solo part in the recent Christmas Cantata. He'll accomplish great things someday that will make Grenada High proud that he graduated there. To all the members of the Senior Class he will always be "Dear Old Funny".

DOTS AND DASHES ON DIZZY DUDS

Hi, guys and girls! All set for a leap into the New Leap Year Fashion Parade?

Leading the parade is one of our football stars in his new maroon and white satin jacket with "Fat Kenwright" across the front.

Another item of importance to the fashion world is the pair of Evershoes Price Harrison displayed recently.

Have you been lucky enough to see Dot Whitaker's black velvet dress with the white lace collar and cuffs?

Fashion note to boys: Resolve, like John White, to let your hair grow in long curls to keep your neck and ears warm.

Saw Lil York wearing a swanky outfit lately—green cord suit of shirt and scarf and new vice blouse.

Are we in eskimo land? No, just the girls of GHS wearing their new hoods. Chief among these hood wearers are Jackie Lane, Camilla Smith, Mary Abber Horton and Betty Rule.

Winifred Saunders is wearing a very becoming tan polo coat to school now.

White sweaters have descended in furries on the girl part of the student body of GHS. Some especially cute ones are worn by Joyce Fleming, Bob Gattis, Lil York.

Saw Hilda Taylor in a very stylish skirt and fushia sweater the other day. The costume of belted skirt and soft-fushid wool sweater was further enhanced by a lovely chain around her neck.

Jack Hudson's new dark gray overcoat blends very well with his blue and blue eyes.

Benton Keeton looks like he has just stepped out of "Esquire" in that new green hat and overcoat.

Which reminds me of the darling white snow shoes that Margurite Stanley has been wearing this new year.

She: Has anyone ever told you that you could sing?

He (modestly): Well, no.

She: Well, where did you get the idea then?

EDITORIAL

There, I've fallen off my stool again. I must have been dreaming. I've dreamed all period and have accomplished nothing. I have thought of everything I did and got Christmas; I recalled everything so and so and I said and did; what we planned to do. Oh yes, dreaming is pleasant and one easily becomes addicted to it, just as to a drug that causes reality to fade and a hazy Eutopian state to appear. It is as habit-forming as a drug; and just as when the effect of the drug wears off, reality is dull; so reality after dreaming is apathy. Many confuse dreams with visions, but there is a great difference: That is, dreaming is an end; and visions are merely a means to an end. What set my imagination on fire this period was a regular "pip" of a yellow roadster passing by outside. I got to thinking of all the trips I could make in it; all the people whose envy I would arouse. Sometimes I imagine myself a great actress or writer or doctor surrounded by thousands. Then when I open my eyes and look in the mirror, I feel such disappointment and experience such a let-down that I go right back to dreaming rather than to trying to find some pleasure in reality. It's so easy and oh, so satisfying, but infinitely weakening mentally. "Imitation is suicide" are words of Mr. Emerson, which we should take to our hearts and dwell on, for just as sure as we let imitations and dreams take the place of the tristine values and work of this life, some good and worthy part of our life will cease to exist as such. We always lose by imitations and by dreams; always profit by facing reality and working with a vision. So stay on your stool, tolerantly keep your eyes open, and you will be much better off.

G.H.S. DIRT

The medieval monks who argued all night long over how many fairies could dance on the point of a needle hadn't a thing on the Algebra II students who are toiling away, on an intangible quantity known as imaginary numbers.

One of the most apt remarks we have heard in a long time passed in the comparative obscurity of the Algebra II class when Kenneth Nail said, "Faith, and I wish the bell would ring." Sure enough, you do get an empty feeling about 11:30.

The band is really bearing down on contest music practice, and will make GHS proud of it again. Good work, Roger.

Bubber York has got back that old personality grin again. And don't anybody tell us it wasn't because "Susie Pie" was here Christmas.

Its getting to be a habit. We've slipped up on the obvious again. Well, anyway, Bobby Weir squired Marjorie Chapman, our young prima donna, to a Christmas dance and they seemed to have had a good time.

Isabel Gattis is surely making a splendid president of the dramatic club and it is progressing greatly under her leadership.

Off Campus Note: Bernice Jones, one of our leading glamour girls, is the modest, but proud, custodian of "Buddy" Biddy's senior ring at the present time.

In physics class a veritable Sir Walter Raleigh was unearthed (oh, but that's cruel these cold days) when Kenneth Nail mopped up Scrip ink, not mud, with a handkerchief, not a cloak, for a young lady in distress.

"You can't believe everything you hear, but you can repeat it."—Readers Digest.

Ann Duncan's foolosophy: "Do unto others before they do you".

What's that on the fourth finger of Charline Chapius' left hand? Is it a blister? No, no, no, no! Is it a corn? No, no, no, no! Is it a senior ring? No, no, no, no! Is it a diamond solitaire that came all the way from Sardis? Yeah, man!

Austine Kelly was looking mighty spruce in school recently in a jaunty sailor cap. Those red curls just knock us dead!

Apologies are in order to "Point" magazine. Honest, we didn't mean to start the new year off with plagiarism marked up against us. Folks, it is responsible for the blacksmith joke last week, not humble us.

Marjorie James surely can play basketball! So can Hazel Turner. But our team was no match for the old veteran players from Durma.

Well, more next week. Be good, kids, but if that's impossible, content yourself with being careful. Good luck on those guessing contests next week. May fate deal kindly with you.

DRAMATIC CLUB

On January 4, 1940, the Dramatic Club began the new year with a very enjoyable meeting. After two short skits, "What Ails Maria?" and "She Couldn't Stay a Minute", with Jean Thomas, Beulah Abel, and Isabel Gattis, the club enjoyed several games, which Miss Pierce had prepared.

BOOK ENDS

Although "All This and Heaven Too" has been here in the library nearly a year, it has gathered no dust on the shelves. This fascinating novel of Rachel Field's about the trials and happiness of a French governess in the home of a large family of noble Frenchmen and later in America, is a charmingly told tale that is permeated with the cruelties and unfairness of ante-bellum class distinctions in France. You will cry, or have cried, over the poignancy of the governess' unrequited love, her unfair treatment, her ostracism from the country of her birth; from the children she adored; and the man she loved. You will be indignant over the snobberies she receives. You will love the children; laugh at their antics; watch with interest their growth and progress as the novel progresses. You will rejoice when she finds happiness in—of all places—a Massachusetts rectory.

You've seen the show—now you can read the book, "Disputed Passage". If you are lucky you will get to read it before school is out, as there is a long waiting list. Lloyd C. Douglas really waxed cynical when he created the character Tubby. You will be delighted at the dry sarcasm that exists between Tubby and his young assistant. Underlying the entertaining witty novel is this idea that all truly great scientific works and other works of genius are always effected at the price of the personal pleasures of life; that a person may have a great professional admiration for anyone, although the personal animosity between them is almost intolerable.

The greatness of the doctors, Tubby, Forrester and his assistant in overlooking their mutual personal hatred in order to further their common God, Science, is a good example of the moral force of the book.

If you like Ogden Nash, be sure to read his new book in the library, and learn about the latest pranks of the omniscient Jeeves.

CHAPEL PROGRAM

Chapel exercises were held in the study hall Wednesday morning at 8:30. Mr. Rundle read the story of the prodigal son from the Scripture and then made a short inspirational New Year talk. He urged us to make this year better than any before. Mr. Hathorne made announcements relating to the basketball games. Mr. Rundle prayed.

I LOVE THE FOREST

(with apologies to Robert Grey)

A man in love he was, 'twas strange to view.

I knew it well and every student knew. Full well we all had learned to trace. His love for C. W. on his face.

Full well we laughed with uncounterfeited glee. For never before had feminine fancy captured left.

Full well the busy whisper circling round

Conveyed the latest news of this romance renowned.

Yet he was sensible, or if careless in laugh.

The love he bore for C. W. was in fault.

The students all declared how much he knew—

'Twas certain he could write, and cipher too.

In arguing too, the students owned his skill.

For even though in love, he could argue still.

While words of laraned length and thundering sound.

Amazed the other students ranged around.

And still we listened, and still our wonder grew

That even W. W. could fall in love too.

WHO IS SHE (HE)?

My Column
Whyte Whitaker, Jr.

It is a pity that the people of Mississippi cannot enjoy the wealth that "black gold" produces. Prominent geologists say that there is plenty of oil to be found in our state. I believe the potential wealth which lies dormant in our soil and deep down in the earth is vast and unlimited. It should be brought to the top, but the big oil interests will not bring it in until sufficient pressure is put on them.

There is a stock law in Mississippi, but it is not observed by many owners of stock. A car was brought into Grenada, torn all to pieces after colliding with several mules. The sooner the drivers find out that cows and horses do not have the right of way on the highways—but take it anyway—the better things will be.

My good friend and reader, Louise McCaslin, wanted to know why I did not have a column last week. Well, you know, Louise, even a fool has a holiday.

Poor Russians, we feel sorry for you the Finns should not freeze then and shoot them, shooting the Cossacks is enough.

I will take this opportunity to thank Mine Bridges for letting C. W. Thompson and me come out and shoot at her birds. We made 40 shots and she still has 38 birds left.

The cold snap we are enjoying (?) or rather we might as well enjoy it really beneficial to the farmer, in that it has killed many bell weevils that would have preyed on the young bolls of cotton next summer.

Captain Jimmy Shaw and his men have gone to a winter camp at Camp

Shelby, near Hattiesburg, to play war. They probably will catch it harder than the French and German soldiers, for they have to sleep in tents while the French and Germans have such cozy quarters as air conditioned rooms to sleep in.

Here's hoping, but I expect it's futile wish, that two fine young men who have heretofore been swell friends, don't fall out about the clashing of their dad's political ambitions.

I want to see the old man who has been taken from his wife and placed in an old man's home, and the old woman who has been taken away from her husband and placed in an old woman's home, put back together, to live in peace, tranquility and happiness, where they can whisper undying love in each other's ear until Divine Providence calls them to rest in eternal peace. These lines got more votes for Paul B. Johnson than anything else he said. Now that the legislature is in session let's give them thirty dollars a month. The people signified by their votes on August 29 that they wanted it, and it is up to you, Paul, do not betray the trust.

We welcome to the City Beautiful, a very beautiful girl, Miss Fern Pendergrass.

The resolutions made by father will probably cause a revolution—I just can't get up early in the morning especially when it is cold.

Jack McFee is definitely the best dressed fellow in these parts, that is if Esquire means anything.

Since Christmas and New Year are over, people had better stop worrying about how they look, and think more about how they feel.

After reading this and last week's "Bulldog" I have come to the conclusion that everyone at GHS is in love. Love is a pleasant subject but it has its headaches, heartaches and twinges. For verification of this statement consult Frank Rose, the great lover.

It is about time for the ducks to start flowing into the woodlands about Grenada for the season is about out. When it is lawful to shoot at them, a duck cannot be found, but as soon as the season is closed, the woods are full of

them. This fact does not show the sharpness of the fowl, but the dumbness of the game law makers.

Brother A. R. Dockery brought us a copy of the Times Picayune of New Orleans, which had the following:

STORKS VS. WOLVES—Over in Grenada, Miss., there is a weekly newspaper with a column called "The Stork Flew By And Left". The town wit predicts that if the stork grows much larger, they plan to have another column called "The Wolf Came By And Got".

It suits a pen and writer like myself fine to have something copied by a writer of renown, especially if she is a good looking woman.

To The Qualified Electors OF THE CITY OF GRENADA, MISSISSIPPI

An election will be held at the Mayor's Office next Saturday, January 13th, for the purpose of determining whether or not certain Amendments to our City Charter may be adopted, AND YOU ARE URGENTLY REQUESTED TO GO AND CAST YOUR VOTE. THIS IS VERY IMPORTANT, FOR THE REASON THAT A MAJORITY OF THE QUALIFIED ELECTORS OF THE CITY MUST VOTE ON A CHARTER AMENDMENT TO MAKE IT A LEGAL ELECTION.

EXPLANATION OF PROPOSALS

Due to the rapid growth of our City, bringing about many changes in our economic affairs, the business interests of Grenada believe the proposed Amendments will make it possible for future City Administrations to render a greater service to our citizenship without added cost.

FIRST PROPOSAL: To reduce the term of elective officers to two years, instead of four, as it is now.

SECOND PROPOSAL: To make the offices of City Marshal and City Clerk appointive by the Board of Mayor and Aldermen.

Please understand that these proposed Amendments are not intended to cast any reflection whatever on the present City officers. If adopted, the change will only become effective at the beginning of the next City Administration.

The petitioners, who comprise more than eighty-five percent of the business and professional individuals of Grenada, as well as a majority of the present City Administration, are asking for this change, for these principal reasons:

In the matter of reducing the term of office it is desired to return to the original term length of two years, as provided under former City Charter, feeling that a successful administration could almost always be re-elected.

As to the offices of City Marshal and City Clerk, it is thought advisable to make these appointive. In matter of appointive City Marshal, or Chief of Police, petitioners believe we may be able to enjoy a maximum degree of law enforcement with minimum effort, due to the fact that all law enforcement officers would be under the Board of Mayor and Aldermen's supervision and subject to removal at any time of failure to perform their duties.

Regarding the appointing of a City Clerk, the petitioners feel that under the present elective plan it would be possible for a person to be elected who knew nothing whatever about bookkeeping, and would necessitate employing a bookkeeper at additional cost to the City.

It is hoped you will become vitally interested in the merit of these proposals, study them from a business angle, just as if it were your own individual business.

For your information, again please be impressed with the fact that YOU MUST GO TO THE POLLS AND VOTE YOUR CONVICTIONS IN THESE IMPORTANT MATTERS

Next Saturday, January 13th

If you expect Grenada to continue in its progress.

JUNIOR CHAMBER OF COMMERCE,

GRENADA, MISS.

The Junior Chamber of Commerce presents this notice only for the purpose of recommending and urging that every qualified elector of the City of Grenada express by Vote on January 13th, next, his or her convictions concerning this very important matter.

HAYES-EGGER

West Point, Miss.—White chrysanthemums and poinsettias in white holders decorated the altar of the First Baptist Church when the impressively beautiful wedding of Miss Hettie Ruth Egger and Edward Earl Hayes was solemnized recently. Dr. James A. Stewart, pastor, officiated.

Nuptial music was furnished by Mrs. Alma Shaw, who played "Estrellita", by Ponce-Hartmann, and Mrs. William Walker, who sang "The Sweetest Story Ever Told" by Strouts, and Cadman's "At Dawning".

The bride was modishly attired in a model of brown crepe trimmed in harmonizing shades of velvet. She wore a flowered turban with short veil and accessories of moss green. Her shoulder corsage was of gardenias.

Mrs. Hayes is the daughter of Mr. and Mrs. John Ramsey Egger. She attended Belhaven College in Jackson, where she was a member of Theta Tau Epsilon, and MSCW at Columbus.

Mr. Hayes is the son of Mrs. A. D. Collins of Grenada. He studied at the Chicago Institute, Studio School of Art and American Academy of Chicago.

After a wedding trip, the bride and groom will live in West Point.

Nothing short of the enactment of Judge Johnson's whole program will satisfy the sovereign people of this state, who, in no uncertain terms, approved this program by electing the Judge with an unprecedented majority.

Sister W. B. Stark, who lives in Enid, in the Indian Territory, has been added to our mailing list. She is pleasantly remembered by hundreds of friends in Grenada, with whom she can now keep up with for two dollars a year, cheaper than coming to see them.

Here Mr. Top, you are rite there on the ground and I want you 2 c that thim payroolers dont git there pay until they pass ever won uv mr jonsings fine plans fer us pore peepul, ime fer him 100 pussint.

Hurd Horton is expected to go out of town next Tuesday attending the inauguration of our new governor, Judge Paul Johnson, for whom Hurd worked so long and so faithfully. Judge Johnson should give or offer Hurd the biggest plum on the tree.

The saloonkeepers are getting more like the old fashioned bootleggers here lately. Curb service has been discontinued. Things are getting a little tight around Grenada.

Much obliged, George Lickfold, for your fine effort in my behalf.

CIVIC LEAGUE IN YEAR'S FIRST MEETING; OFFICERS NAMED

The Civic League held its first meeting of 1940 in the home of Miss Jane Young, with splendid attendance.

The officers for the year are as follows: President, Mrs. J. E. Lufkin; vice president, Mrs. H. B. Spain; secretary, Mrs. H. J. Ray; treasurer, Mrs. J. L. Arent.

Committees were named for the various parks, points and streets of the city which for years have been given them by the board of aldermen for beautification. Through the street commissioners the city fathers have supported and cooperated beautifully.

The president and League wishes to express to those, and others, who have kindly lent a helping hand, our sincere appreciation.

The 1940 dues are now due. We hope all members will pay early, for we need finances.

We cordially invite others to join, the dues are only 50 cents yearly.

The public is urged to patronize our "market" when same is announced soon.

Mrs. V. H. Ward of Batesville arrived Monday to be at the bedside of her daughter, Mrs. John Pressgrove, who underwent an appendectomy at Grenada Hospital that day.

Last week your society editor wrote the name of Miss Lida Owens as guest at Mrs. D. G. Ross' party when the name of Mrs. Lida Coffman should have appeared. Just a mistake in this column, as Miss Owens does not play bridge.

Mrs. Mary Scott and son, Mr. Jack Scott, are in Jackson for the present. Mrs. H. B. Hull of Chicago will join them this week at the Edwards Hotel to visit several weeks.

Mrs. E. L. Wilkens and daughter, Miss Elizabeth, spent Monday in Winona with Mrs. Ben Kavanaugh.

Mrs. T. B. Thrower was called to the bedside of her sister, Mrs. R. C. Davis in West Point, Monday.

Mr. and Mrs. Guy Lee of Winona were Sunday guests of their sister, Mrs. A. M. Carothers and Mr. Carothers. Miss Mary Carothers, who visited in this home during the holidays, has returned to her duties at French Camp school.

MRS. PHILLIPS HONORED

Mrs. William Denton Phillips, who was Marjorie Gibson before her marriage Dec. 17, was complimented with a miscellaneous shower last Friday in the home of Mrs. J. F. McRee.

Hostesses were Mrs. J. F. McRee and Mrs. Kirkland McRee.

A pink and white color scheme was carried out in the decorations, with pink burning tapers in the living and dining rooms. The lace-draped table was centered with pink and white carnations.

A pink bride's book was passed as guests were assembling, for everyone to write a wish. Bingo was then played with Mrs. Carmel Norris winning the prize. Afterwards a bell was passed for each person to draw a ribbon. Mrs. Phillips, the honoree, pulled the ribbon with a horse shoe on the end, therefore winning the prize.

The honoree wore a powder blue dress fashioned with a pleated skirt. She wore a corsage of pink roses and baby breath. Mrs. Fulton McRee wore a green dress with a softly tucked blouse. Mrs. Kirkland McRee received with a dusty pink, pebble crepe dress.

The pink and white color scheme was carried out in an ice course served with individual cakes and wedding bell design on top.

Gifts were presented in pink and white decorated wagon pulled by Sylvia Jean Norris and Mary Ann Hayden.

Mr. and Mrs. Phillips are making their home in Eupora, Miss.

Mr. and Mrs. Ben Kavanaugh and little son have returned to their home in Winona after a holiday visit in the home of their mother, Mrs. E. L. Wilkins. When here, they had the baby christened at All Saints Episcopal Church. Hon. A. M. Carothers and Mrs. Carothers are godfather and godmother to this fine little fellow.

Mrs. Jesse Ware of Memphis has returned to Grenada to make her home with her sister, Mrs. R. W. Sharp.

FRIDAY BRIDGE CLUB

Charming hospitality was eminent at the bridge club meeting in the home of Mrs. Walter Garner on Friday last. Potted plants and lovely trailing ivy were used at points of vantage in the home. Two non-member guests were present: Mesdames Juel Batson and Margaret Upshaw, house guest of Mrs. Fisher Ottenburg.

High score prize, a bottle of toilet water, was presented Mrs. Charlie Ransom. In the late afternoon refreshments of sandwiches, cheese straws, and Coca-Colas were served.

ALL SAINTS AUXILIARY

All Saints Auxiliary met Monday at 8 o'clock in the home of Mrs. L. J. Doak. The president, Mrs. Whitaker, presided. Mrs. C. S. Liles, chaplain, read a devotional and led in the repeating of the creed and in prayers. Mrs. Weir gave the treasury report. Business discussion of Mardi Gras Ball occupied most of the afternoon. At the end of the business session Mrs. Doak served a delectable refreshment plate and hot tea. Meeting closed with Auxiliary benediction in unison.

Rev. and Mrs. R. B. Hicks of Pleasant Grove had as dinner guests on Saturday last: Dr. Hicks of Oklahoma City; Mr. and Mrs. Hicks of Sledge, Miss.; Rev. and Mrs. J. W. Hicks of Bellfontain, Miss; and Mr. and Mrs. Eugene McGahey of Gore Springs.

Mesdames C. S. Burt and S. H. Garner were Memphis visitors on Tuesday. Mrs. Mary Leigh, mother of Mrs. Garner, is in Memphis this winter.

PREBYTERIAN AUXILIARY

The Auxiliary of the Presbyterian Church met in the homes of three members this week. Mrs. J. L. Cooley was hostess at her apartment in the Cas E. Heath home. Mrs. W. L. Salmon taught the lesson. Mrs. E. Brantley was hostess at her home and Mrs. H. W. Baker taught the Bible lesson. Mrs. Brantley, assisted by her daughter, Mrs. Worthington, served tea and assorted cookies.

Mrs. Roger Pleasants was hostess to members of her circle and she presided during the program. Mesdames H. C. Calhoun and Sel Roane were on the program with interesting talks.

MISS. POWER & LIGHT CO. COMPLETES HIGH LINE

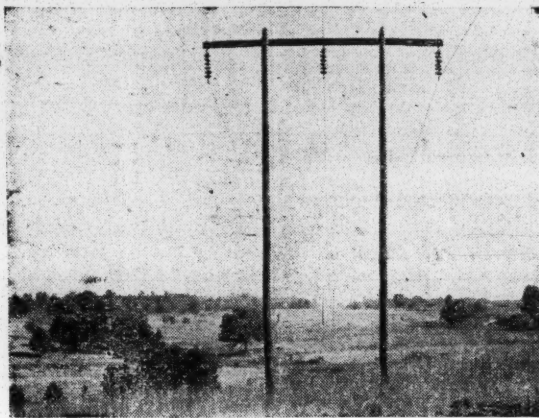

Natchez-Amite 110,000 Volt Artery In Service

The completion of a 76-mile, 110,000 volt electric transmission line from Natchez, Mississippi to Amite, Louisiana, was announced this week by J. F. Harrison, chief engineer of Mississippi Power & Light Company. This new and modern electric transmission line is of standard "H-type" construction and connects this company's 8000-horsepower electrical substation at Natchez with the Louisiana Power & Light Company's substation at Amite.

Early this year Mississippi Power & Light Company constructed a 110,000 volt highline span across the Mississippi River at Natchez and built an 8000-horsepower, 110,000 volt substation. This construction work was the

first major building activity of a privately owned and operated utility in Mississippi since 1930 and was made necessary because of industrial expansion at Natchez.

The building of an additional 76 miles of electrical highline from Natchez to Amite was planned and completed in order to provide Natchez and Southwest Mississippi with two-way electric service. This additional construction does not, at the present, mean any additional revenue to the company. It does, however, strengthen this company's entire transmission system, since the Amite tie-in makes it possible for the whole system, which goes into 40 Mississippi counties, to receive electrical power from across the Mississippi River through the Natchez substation. This is the third river crossing on the Mis-

★ This scene is typical of the "H-type" construction of Mississippi Power & Light Company's 110,000 volt electric transmission system, which ties together eight sources of power supply and brings cheap and dependable electricity to customers in more than 300 Mississippi towns and cities located in 40 of the state's 82 counties.

issippi Power & Light Company's system, the other two being at Vicksburg and Greenville.

The energizing of this new 110,000 volt highline provides Natchez and the southwestern corner of Mississippi with a dependable and economical source of electric power from eight major sources of power supply.

In discussing this work which cost his company approximately \$1,250,000.00, Mr. Harrison said, "The construction of the river crossing and 110,000 volt substation at Natchez, as well as the completion of the two-way service line from Natchez to Amite gives Natchez service equal to that enjoyed in each of the more than 300 cities and towns served by our company. For years, Natchez depended upon a local generating station for its power supply and are glad to be able to add Natchez to the list of cities that

now have adequate and economical electric transmission service available for present and future expansion.

"The transmission system of our company today," continues Mr. Harrison, "is at a new high peak of efficiency. It is tied in with eight major sources of power supply in four states. From these sources and through a power purchase agreement with the Tennessee Valley Authority we can be assured of electric power to meet the constantly increasing demands of a rapidly growing state. Mississippi is rapidly coming into its own from a business and industrial standpoint and our company, planning years ahead, can meet not only the electrical power needs of the territory we serve today, but we will be ready and waiting to meet your needs of tomorrow."

TO DEALERS IN LUMBER

You are hereby invited to submit bids to sell and deliver to Grenada County, Mississippi, cressed bridge lumber in dimensions, in quantities, and at times as required by the Board of Supervisors of Grenada County for the next ensuing 6 months, said bids to be submitted on or before noon of the first Monday of February, 1940. The board reserving the right to reject any and all bids. This the 8 day of February, 1940. (1-11,18,25 80w)

Everything is working smooth about and around the court house. The new officers are getting acclimated.
